PROFILE

I am a dedicated computer science student with a fervent interest in Flutter application development. Proficient in Flutter and app development, with 6 Months of hands-on experience in building Flutter applications. I specialize in creating intuitive user interfaces and uncovering insights within mobile datasets. My expertise extends to crafting impactful Flutter applications and optimizing user experiences.

WORK EXPERIENCE

Techstep I.T
Flutter developer internship

- Comprehensive learning of Flutter framework fundamentals.
- Strengthened logical thinking and problem-solving skills.
- Hands-on experience in app development lifecycle and version control.
- Proficiency in UI design, testing, debugging, and adhering to coding best practices.
- Expanded knowledge in database management and integration, leveraging Firebase and database technologies for comprehensive Flutter application development.

Koh-e-Noor pharmacy

Data Entry Operator

- Accurately entering data into the pharmacy's database or software systems.
- This includes entering information about medications, patient details, prescriptions, inventory, and sales transactions.
- Verifying the accuracy and completeness of data entered into the system.
